Description

Introducing the Fendt 718 Gen6 tractor, a dynamic powerhouse with 181HP that effortlessly tackles a diverse range of agricultural tasks. Whether engaging in rear- or front-mounted hay tool applications, row crop work, tillage, or loader tasks, the Fendt 718 is a reliable companion that ensures your farm won't miss a beat. Boasting a swift 50kph speed, 4 valves, 152 litres/minute hydraulic capacity, Power Beyond functionality, windscreen wipers and washers, Worklights, VisioPlus visibility enhancement, air conditioning, power plug, cab suspension, and an impressive array of connectivity options, including 4 USB connectors and GPS readiness. The FendtONE operating system sets a new standard in functionality and ergonomics, offering a highly customised and efficient workstation for superior control and convenience. With hydraulic trailer brakes completing the package, the Fendt 718 Gen6 is the epitome of adaptability and performance in modern farming.
