### Description

The Massey Ferguson DM 316 Mower, a cutting-edge solution for efficient and precise field maintenance. With a generous 3.1m working width, this rear-mounted mower is designed for optimal performance. The centre attachment ensures a balanced and stable operation, while the vertical fold feature enhances manoeuvrability and ease of transport. Equipped with six high-performing mowing discs, this mower guarantees swift and effective cutting, promoting a uniform finish. The additional skids provide versatility, allowing users to customise cutting height according to their specific needs. Increase your agricultural operations with the Massey Ferguson DM 316, a reliable and innovative choice for modern farming.
