Description

The Massey Ferguson 8S.225 Tractor, a powerhouse of efficiency and comfort for modern farming needs. This robust tractor is equipped with a Multipad armrest, providing ergonomic control with ease. Its advanced features include 4 electric spools, hydraulic brakes, and electronic in-cab PTO controls, ensuring precision and responsiveness in every operation. The full suspension and adjustable steering column enhance operator comfort during long hours in the field. Stay connected and entertained with the DAB radio, while climate control ensures a pleasant working environment. The tractor boasts additional convenience features such as front, rear, and side sun blinds, rear screen wash and wiper, and a semi-leather high-spec seat. With Datatronic 5 and GPS ready capabilities, this tractor is not only powerful but also smart. The integrated roof camera and LED work lights add to its functionality, making the Massey Ferguson 8S.225 a reliable and cutting-edge companion for modern agricultural practices.
