Description

The Manitou MLT 841-145, a powerful and versatile telehandler designed to elevate your productivity. Equipped with advanced features like an electric mirror with de-icing, LED boom lights, and intelligent hydraulics, this telehandler ensures optimal performance and safety. The easy connect system, regenerative hydraulics with boom suspension, and attachment hydraulic locking streamline operations and enhance efficiency. The JSM joystick and electrical connection on top of the boom offer intuitive control and accessibility. With additional features such as a 7" vision screen, air conditioning, Safeview and Highview cameras x3, Bluetooth, radio, LED worklights, and pallet forks, the Manitou MLT 841-145 combines comfort and functionality for a superior user experience. Tackle tasks with precision and ease using this cutting-edge telehandler.
