Description

Used Challenger RG655C, equipped with a 36m Twin Fold boom for enhanced coverage and efficiency. This model features Michelin VF 710/60 r38 wheels at 40% and Alliance 520/85 r46 wheels at 50%, ensuring stability during operation. Its TopCon guidance system, complete with a screen and receiver, guarantees precision and ease of use. Additionally, this machine comes with sought-after upgrades, including an Air Reel and Water Reel, 3 Boom Sensors (NORAC) for enhanced control, and 2 rear cameras for improved visibility. With a pick-up hitch and upgraded additional fuel tank, the Challenger RG655C offers enhanced functionality and convenience.
